AUDITORS' REVIEW REPORT

To the shareholders Jarir Marketing Co. (Saudi Joint Stock Company) Riyadh, Saudi Arabia

Scope of Review

We have reviewed the accompanying interim consolidated balance sheet of Jarir Marketing Co. (a Saudi joint stock company) as of December 31, 2009, and the related interim consolidated statement of income for the three month and year then ended and the interim consolidated statements of cash flows and shareholders' equity for the year then ended, prepared by the company and presented to us with all the information and explanation which we require. These interim consolidated financial statements are the responsibility of the Company's management.

We conducted our review in accordance with the standard on Review of Interim Financial Reporting issued by the Saudi Organization for Certified Public Accountants. A review of Interim financial information consists principally of applying analytical procedures to financial data and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with Generally Accepted Auditing Standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Review Results

Based on our limited review, we are not aware of any material modifications that should be made to the accompanying interim consolidated financial statements for them to be in conformity with Generally Accepted Accounting Standards.

Foreign currency translation

Foreign currency transactions are translated into Saudi Riyals at exchange rates prevailing at transaction dates. Monetary assets and liabilities in foreign currencies at the balance sheet date are translated into Saudi Riyals at the exchange rates prevailing at that date. Gains and losses from settlements and translation of foreign currency transactions are included in the interim consolidated statement of income.

Assets and liabilities stated in the financial statements of the consolidated subsidiaries and denominated in foreign currencies have been translated into Saudi Riyals at exchange rates prevailing at the balance sheet date. Revenues and expenses of the consolidated subsidiaries and denominated in foreign currencies have been translated into Saudi Riyals at average exchange rates during the period. Exchange differences arising from such translations, if material, are included as a separate line item under the shareholders' equity.

Employees' incentive program

The Company has established an employees' incentive program (the Program) whereby the Company grants selected employees the right to receive incentive cash compensation at the end of a vesting period if specified conditions are met. The amount of compensation is tied to the growth in net income as reported in the audited financial statements of the Company. Incentive compensation accrued under the Program is classified as non-current liability as no payments will be made until vesting takes place on December 31, 2011. However, compensation charges are expensed throughout the vesting period. The amount recognized in the balance sheet as LTIP is the present value of the expected future payments as provided by the Program resulting from employees' service in the current and prior periods.

Derivative financial instruments and hedge accounting

The Company use derivative financial instruments to hedge the exposure to certain portions of commission rate risks arising from financing activities. The Company designates these as cash flow hedges. The use of financial derivatives is governed by the Company's policies approved by the Board of Directors, and consistent with the Company's risk management strategy. The Company does not use derivative financial instruments for speculative purposes. Derivative financial instruments are measured at fair value on the contract date and are re-measured to fair value at subsequent reporting dates. If the financial instruments do not qualify for hedge accounting in accordance with generally accepted accounting standards, the changes in the fair value of the derivatives financial instrument is recorded in the statement of income.

Investments

a) Available for sale investments

Investments that are bought neither with the intention of being held to maturity nor for trading purposes, are stated at fair value and included under non current assets unless they will be sold in the next fiscal year. Changes in the fair value are credited or charged in the interim consolidated statements of changes in shareholders' equity. Any decline in value considered to be other than temporary charged to the interim consolidated statement of income. Investment income is recognized when declared.

Fair value is determined by reference to market value if an active market exists, or on the basis of most recent financial statements, otherwise, cost is considered to be the fair value.

b) Investments in leased properties

Investments in leased properties are stated at net book value (cost less accumulated depreciation) and included under non-current assets. Land is not depreciated. Leased properties are depreciated on the straight line method over their estimated useful lives.
